11. CONTESTANTS MUST REMAIN TOGETHER & BREAKDOWN INSTRUCTIONS: Contestants must not depart the boat to land fish or to make the boat more accessible to fishing waters. Boats must remain in tournament waters during tournament days. Contestants must leave and return to official checkpoint by boat. No tournament boat may be loaded on a trailer before the team using the boat presents their catch for weigh-in, except with the permission\direction of the tournament director. Both competitors must always remain in boat except in case of dire emergency, if they wish their fish to be counted for the day. In case of break down or emergency, in which a team is not able to travel back to the weigh-in site under main power, anglers should contact tournament officials. The only legal way to return for weigh-in without your own power is by being towed in by a boat operated by another competitor in the event or a designated rescue boat, or by a team member transferring their clearly marked fish to another competitor's boat and coming directly to the weigh-in with their fish. No fishing is allowed during this time by any involved party. Arriving late, even with the aid of an official boat, as the towed boat or the towing or rescue boat is still late, and all late penalties will apply. No exceptions. Both parties (the team with boat trouble and the team lending assistance) should file separate incident reports with tournament officials.

12. OFFICAL SAFETY CHECK POINT: There shall be an official safety checkpoint for checkout in the morning/check-in in the afternoon and this point shall be designated at the tournament briefing. At the time of check-out all competitors and their boats shall be in full conformance with all safety and tournament rules set forth by officials. At check-in all boats shall identify themselves to the check in official and proceed immediately to the designated weigh-in area. **YOU MUST CHECK-IN EVEN IF YOU DON'T HAVE ANY FISH.** It is each angler's responsibility to know what time they are due in. If you do not have fish to weigh in, you must notify the tournament director

with your boat number if you do not wish to proceed to the specific check in area.

13. LATE PENALTY: Competitors who are not at the official safety check in point as described above at the appointed return time shall be penalized at the rate of one pound per minute to be deducted from the total weight of their catch that day, including any "Big Fish Award". Any competitors more than fifteen (15) minutes late shall lose all credit for that day's catch. There shall be no excuse for tardiness and in no case will a competitor be allowed to make up "lost time." Return time shall be defined as off-plane and plainly visible by the official timekeepers.

14. SCORING: Scoring shall be determined by the pound and ounce weight of each team's catch during the tournament. Each team's total weight will determine the final standings. Only 5 Largemouth Bass will be weighed where permissible by state law. Length and bag limits of eligible fish will be set for each tournament and will be announced at each event. All fish weighed must be kept in aerated livewells to keep fish alive and as fresh as possible for release. Any fish mauled, mashed, frozen, stringered, containing foreign or unnaturally placed matter to add weight or showing white gills, soft flesh or other signs of decomposition in the tournament official's sole discretion will result in disqualification. At no time shall a competitor have in possession more than the stated tournament possession limit. Tournament Officials will conduct checks for violations of this provision. In the event a competitor has in their possession more than the stated limit, officials shall cull, starting with the largest fish first, down to the stated limit. Fish will be measured by a tournament official with fish's mouth closed and longest straight line. Only fish which measure the official length(s) shall be weighed-in. Any fish presented for weigh-in which fails to measure the official length limits shall accrue penalties at the rate of one pound for each non-legal fish plus loss of the fish. Once a competitor's catch has been presented to tournament officials, that team may not alter, nor add to their catch or return to their boat until their catch has been weighed and recorded.

15. PROTESTS & TRUTH VERIFICATION TESTS: Anyone has a right to protest a team. An official written protest must be made with the tournament director within 30 MINUTES of the last fish weighed in each day. A \$100 protest fee will be charged, the fee will be returned if the protest is found valid. Following interviews with concerned parties, a ruling will be made. In the event rules infractions occurred a penalty of daily and/or tournament weight may be applied, and cash, prizes and awards must be returned if so requested. If a protest is found valid, the disqualified party must pay any investigative costs. Each competitor or participant agrees by their signature on the entry forms and by their participation in the tournament, or voice stress analyzer test (I.E. a truth verification test) should they be asked to for any reason and to abide by its conclusion. Tournament officials shall have sole discretion to select scope, when, where and who shall administer such an exam. Participant will make themselves available at their own expense for testing as scheduled. In the official's sole discretion, refusal to submit to exam or failure to pass a truth verification exam will result in disqualification.

16. CATCH & RELEASE: An 8-ounce deduction will be made for each legal fish presented to the bump master for weighing that is determined to be dead. Every boat must have adequate livewell space, properly aerated, to sufficiently maintain, in a healthy condition a limit catch by competitors using the boat. SPFHF recommends the use of livewell additive such as G-Juice and ice, in warmer water months to improve oxygen levels and promote a healthy release of fish into natural habitat. Tournament Officials shall have the sole responsibility for determining whether aeration and capacity is "proper and adequate" and for assessing penalty points.

17. TIES & POINTS: If a tie occurs at an event, Tie breakers are as follows. 1.) Most number of legal fish weighed, 2.) Most number of legal fish weighed alive, 3.) Heaviest Single days catch, 4.)
